

Effects of a Rudraksha

There is no instrument to measure the percentage & time period of effects of a Rudraksha.

The gift of the great Lord Shiva " Rudraksha" is considered as very auspicious & powerful instrument that can help a human to reduce or overcome several of his problems & help him lead a life full of happiness, harmony & prosperity. Rudraksha is known for its positive effects & it has been worn by our sages, ancestors, Vedic scholars, celebrities & people of various caste, creed & sex over centuries for their well being. Rudraksha is known for overcoming various obstacles in various spheres of life & also known for having no adverse effects. Infact we believe one should be blessed with real good karmas to even wear the most common Rudraksha. Further, it is said that scientifically it has been proven that each & every Rudraksha due to its protrusive formation helps in maintaining blood pressure, mind stability & acts an acupressure instrument which messages your chest & ensures normal blood flow.

Well, now one important question arising in every human's mind before wearing Rudraksha is

Q: Does it really effect? & how much time a Rudraksha takes to effect?

Ans: Since this is a very important question the vendor usually tries to play here & convinces the client of guaranteed effects within specified time period with the feeling that if he does not mention this, the client may not buy the Rudrakshas from him. However, this is not the case with us; our answer to this question of yours is below.

?œ The percentage & the time period of effects are not mentioned in the Vedic texts. Please note restrictions are created, spread & written by private authors in their own books & are not a part of Vedic texts, further there is no instrument on this earth that could measure the percentage & time period of effects of Rudraksha & astro-gemstones. It's only the wearer's personal experience that can qualitatively but not quantitatively describe the same. The percentage & time period varies from person to person. Kindly beware of traders who claim the time period & percentage of effects of a Rudraksha bead at the time of sale as this may just be a stunt to push sales. We infact go to the extent saying that you may not buy from us but we shall not convince you by providing false information regarding percentage & time period of effects.

We believe you are spending money for one of natures most auspicious & rare spiritual product. So in short you are paying for the Rudraksha, if there are any effects it comes along free. Rudraksha is our product but the effects are not. It's like a gemstone trader or jeweler sells a gemstone but not its effect, he wouldn't know how much a specific stone quantitatively is going to affect a specific client.

? Incase there are any effects, the effects of a Rudraksha berry doesn't depend on it's shape, size, color, origin.

?¥ The one & only constraint for a Rudraksha to work is that the Rudraksha & its mukhis / facets should be well formed & genuine without any human manipulation. Most of the times one gets an original Rudraksha but the mukhis / facets are artificially created. This damages the physical properties of the Rudraksha & it would not be effective anymore.

¶ The percentage & time may not be defined but it is believed that with one certainty you can wear a Rudraksha bead which is, it doesn't have any negative / adverse or reverse effects on its wearer or possessor.

¶ It is often claimed by many traders who sell only Nepalese Rudraksha beads that Nepalese Rudraksha are more effective than Indonesian Rudrakshas. This isn't true; a good well formed Indonesian Rudraksha can be equally effective like a Nepalese Rudraksha. Traders dealing only in Nepalese beads also sell Rudraksha malas which are only of Indonesian origin as Rudraksha malas are not produced in Nepal; they have to be of the Indonesian origin. This is a fact that most of the people do not know. So we request you to ask such people only one question " why are you selling Indonesian malas?" they would have no answer.

Further, one of the most known traders & websites who claimed that Indonesian beads are not effective have also started selling Indonesian Rudrakshas now after realizing this fact. Kindly take note!!!!

¶ As per our seniors or society one needs to be very precautious after wearing a Rudraksha berry to gain any positive effects out of it; this is nothing but being superstitious. You will be surprised to know that there are no restrictions mentioned in Vedic texts. One does not need to follow any precautions or be superstitious for it to work, one just needs to wear it with utmost faith, dedication, respect, care & love. The only thing that should be believed is that Rudraksha should be worn after energization & with regular mantra chanting the effects or power of the Rudraksha bead may increase.

Anything produced by the almighty has a purpose & utility; nothing on the earth produced by him is useless, in fact its upto us to make proper utility of it, one needs to be blessed with real good karmas to even wear or know about the most common Rudraksha, clients believe that they are paying for they effects but we believe you are paying for a rare natural divine Rudraksha & the effects if any come free with it.

We believe in complete transparency, buying or not buying is always at the sole discretion of the buyer.
