Note: Astro Gemstone is an auspicious gift of nature & we believe one should energize the same before using it for the 1st time to gain maximum benefits. The energizing procedure is very simple & one need not depend or trust anyone blindly to perform this act. There are many vendors who claim to energize the Astro gemstones before dispatching which may actually haven't been done....moreover you are wearing Astro gemstones for your benefit so it would be great if you do not depend on anyone & take the extra effort to perform this auspicious & simple ritual on your own.

Below mentioned are the ways & procedures that would help you energize your Astro gemstones.
