Yantra as an Astrological Device

Yantra may be used to represent the astronomical position of the planets over a given date and time. It is considered auspicious in Hindu mythology. These Yantras are made up on various objects i.e. Paper, Precious stones, Metal Plates and alloys. It is believed that constantly concentrating on the representation helps to build *fortunes*, as planets have their peculiar *gravity* which governs basic emotions and karma. These Yantras are often made on a particular date and time according to procedures defined in the vedas.
